

Central Temporary Services Engineer Manchester Central Convention Complex

Manchester Central is an award-winning venue in the heart of one of Europe's most vibrant cities; our vaulted arches and station clock have made our venue an iconic city feature for more than 140 years.

Our experienced team of professionals lead the industry with unrivalled service standards to help our clients create engaging, memorable experiences at events of all shapes and sizes.

Your Role

Competitive salary up to £34,000pa / 25 days holiday plus bank holidays / contributory pension scheme / discounted car parking

Reporting directly to the Temporary Services Lead Engineer, this role is working on a full time, permanent basis.

We recognise that skills, experience, and potential come in many forms, and we encourage you to apply if you see a strong alignment between your abilities and this opportunity - even if you don't check every box. We are committed to building a diverse and inclusive team and value different perspectives and backgrounds.

Your duties and responsibilities will include but are not limited to:

- Providing temporary electrical services for exhibitions and events, including the testing and inspection of electrical installations
- Assisting the Lead Engineer in the coordination and delivery of the temporary services team to facilitate event set up and breakdown
- Maintaining all stock inventory in line with statutory obligations as required
- Carrying out general maintenance within areas of responsibility

The ideal candidate will have:

- An electrical qualification, ideally C&G 236 Part 1&2 and or Level 2/3
- C&G 2382 BS7671 Regulations
- Minimum of 5 years' experience working within a similar role

You must have:

- The ability to work in a fast-paced environment with minimal supervision
- Experience of working within restricted access and high-level work
- Knowledge of statutory regulations and health and safety

Manchester Central is an equal opportunities employer. All applicants who meet the essential criteria and identify as having a disability in their covering letter will be guaranteed an interview.

Job Description

Central Temporary Services Engineer

Salary:	Up to £34,000pa
Hours:	40 hours per week
Working pattern:	Monday to Sunday, 5 days out 7.
Location and business area:	Manchester Central Convention Complex – Facilities Management
Aim of the role:	Working as part of a team to deliver temporary electrical services for exhibitions and events, including testing and inspections of electrical installations.
Directly responsible to:	Temporary Services Lead Engineer
Directly responsible for:	N/A

Main areas of responsibility

You'll be responsible for providing temporary electrical services for exhibitions and events:

- Carry out general maintenance within area of responsibility, associated with the provision of temporary services and floor standards
- Maintain all stock inventory in line with statutory obligations as required.
- Provide temporary electrical services for exhibitions and events, to include testing and Inspection of Electrical Installations.
- Perform all duties with the utmost integrity avoiding any conflict of interest between the business and any other entities.
- Assist the Lead Engineer in the coordination and delivery of the temporary services team to facilitate event set-up and breakdown for all the above services as required

You'll lead by example and support people in your team:

- Deputise for the Lead Engineer when the Lead Engineer is not on site
- Adhere to MCCC policies, procedures, RAMS and TBT's associated with the delivery of Temporary Mains and any Ad Hoc Duties
- Drive continuous improvements in quality, productivity and health & safety

About us:

Our purpose is to connect people, ideas, and business through meaningful and rich experiences.

Our customers choose Manchester Central because of the experiences we help them to create. We help them to make something happen – the energy and connection that creates memories.

We help them to grow their businesses – connecting with their customers, partners, suppliers, and employees. We bring people together to share ideas and make plans. We pay attention to the details so our clients can pay attention to their guests. What makes us different is the creativity, professional delivery expertise and passion of our team.

The qualities of our people:

Our people are pretty fabulous. They really love our industry, our customers, and what we do. We have high expectations of each other and live up to the standards we've set.

The people who are happiest working for us want to get stuck in and make things happen for a great purpose. They want the challenge of a fast pace, lots of energy and a great team to work with.

We are a special group who have chosen to work together, and we share these characteristics:

- **Expert & specialist**
We're highly respected and super proud of our level of expertise – making the complexity of what we do look effortless.
- **Flexible**
We're all about innovation and trying new ways to create experiences for customers. We're really flexible to meet our customers needs.
- **Positive and energetic**
There's a great energy across the business and sense of teamwork - it feels like a family. We have fun at work and there's plenty of social activity.
- **Ready to grow**
Careers are important to us too – some of our senior leaders started out as team members and then progressed their careers.
If people move on from working with us, they'll always have improved their skills and experience along the way.
- **Committed**
Our people show huge levels of commitment for our customers, and they're determined to get the job done. Events always build up to a crescendo of activity, so it's not always easy. Even when there's pressure it's still a great place to work.

We have a Code of Conduct sets out the right way to do business at Manchester Central. The reputation and integrity of our business is based on all of the decisions we've made, the way we manage our business and what we deliver. These actions and decisions have built up the trust we've earned with our customers, suppliers, communities and colleagues.

Our people pay attention to respect in our workplace, doing the right thing and safeguarding our company and each other.
